# Homecoming 1975

The weekend of homecoming was filled with excitement as old friends were united once again. Homecoming had an extra touch with a win over Seiling, 8-0. At half-time excitement mounted when Miss Lynette Wheeler was crowned as Mooreland's 1975 Homecoming Queen. The Boy Scouts float was chosen as First place winner in the homecoming

Mr. Ken Corley was given a new pick-up in appreciation for his many years of services to Mooreland High School as coach and teacher

This years annual will be happily and deservingly dedicated to the, "Incomparable and Inseparable Ewings."

The Ewings have been teaching in the Mooreland School for the past twenty years. In this time, they have influenced many students in the fields of English, French and Speech

They have worked together putting on superior Christmas, Easter, Community and Jr. and Sr. High School plays which have unfailingly been a joy to watch

Mr. Ewing has had many articles published in the Orbit They have been very enoryable to read

Mrs. Ewing's most recent accomplishment was the publication of her realistic and humorous book LARKSPURS AND ASPARAGUS

Mrs. Ewing has lectured and has been Mistress of Ceremo nies at many banquets. Her sense of humor has always been enjoyed by everyone present at these social functions.

They worked together as a team and were always seen together wherever they might be. In all, the Ewings have been in the teaching profession a total of 78 years.

When they retire this year they will be greatly missed by everyone in the community and especially the student body and faculty of the Mooreland Schools.

Superintendent's Message

I trust that the current school year has been as rewarding to our students and faculty as it has been to me. During the year, thanks to the generosity of the patrons of the Mooreland School District, funds have been made available to complete a new elementary school and construct a new FFA facility with dressing rooms for the football field. Physical facilities, in themselves, do not make a good school system but when coupled with a dedicated faculty, an aware student body and an interested community then all of the factors are present to develop an efficient educational system

Through their leadership and foresight the Mooreland Board of Education has also contributed enormously to the overall school program. These men are to be congratulated for serving in a position where the only remuneration is the satisfaction received from seeing a job well done.

The 1976 Bearcat pictorially records the happenings of the current school year in fine fashion. Mrs. Johnson and the Annual Staff are to be commended for recording the activities of the year in an interesting and concise manner.

### **EXCHANGE STUDENT**

Maria Cristina Tervel Rodrigues came to Mooreland High School before Christmas of 1975

She was born in Lucelia, San Paulo on January 8, 1958, and has two brothers and three sisters.

"Cris", as she was known to us, enjoys dancing, singing and all sports.

When she goes back to Brazil, she plans to attend the University of Sao Paulo or the University of Rio de Janeiro and study public relations

Cris stayed at the Leroy Hicks home while she was here and she told us that she would like to come back and visit us often.

We all grew to love and respect Cris and we hated to see her go. It was a wonderful experience shared by both Cris and the Mooreland Student Body and Community.
